Dear Ms. Green:

Enclosed please find sample results tables for the residential soil sampling conducted by Sherwin-Williams in August 2003 of selected properties around Kirkwood Lake. Sample location maps for each property are also included.

Also enclosed is a Draft Work Plan Addendum IV for the next phase of residential sampling along Kirkwood Lake. Access letters have been mailed to all residents and we are awaiting the returned signed agreements. We will forward copies of the access agreements when they are received for your files.

Please do not hesitate to contact me either by phone at (216) 566-1794, or via e-mail at mlcapichioni@sherwin.com, if you have any questions or comments.
